

Introducing Duplo's Digital Printing and Finishing Systems

Digital Printing System

Automatic Desktop Folder

Vista Business Machines

Quality Is The Only True Bargain

From high speed digital printing to precision automatic folding, a complete Duplo system from Vista Business Machines will satisfy all of your printing and finishing needs.

Offering the most economical method of printing available, Duplo's innovative digital printing system features high-capacity feeding/receiving, quick turnaround time, unlimited spot color capability, and user-friendly operation.

Plus, desktop printing is easily accessible with a simple touch of a button. The unique integrated computer interface allows for easy plug and print. Quality finishing is provided by Duplo's folders, collators, cutters, bookletmakers, and binders.
